ARIZONA STATE TREASURER

DOUG DUCEY TREASURER

October 31, 2012

The Honorable Janice K. Brewer Governor, State of Arizona 1700 W Washington Phoenix, AZ 85007

Dear Governor Brewer,

It is a pleasure to submit the Arizona State Treasurer's Annual Audited Financial Statements for the fiscal year ended June 30, 2012.

During the past fiscal year, Arizona has been presented with tremendous economic challenges, yet we have continued to earn a profit for both state and local taxpayers. In Fiscal Year 2012, we distributed investment earnings of \$134.8 million.

Highlights of the Treasurer's Office for the fiscal year:

- Fair value of combined investments totaled \$11.8 billion;
- Fair value of all Endowment Funds totaled \$3.5 billion, from which \$83.9 million of investment earnings was distributed to beneficiaries;
- Fair value of non-endowment funds totaled \$8.3 billion, from which \$50.9 million was distributed to pool participants;
- Custody of performance bond's cash and securities totaled \$3.6 billion with negotiable securities held at a custodial institution;
- State shared revenue distributions totaled \$9.2 billion.

It is an honor and a privilege to serve the citizens of Arizona as State Treasurer. On behalf of the entire staff at the Treasurer's Office, thank you for your interest in Arizona's finances. I encourage you to visit www.aztreasury.gov to learn more about how we manage the State's money.

Sincerely,

Doug Ducey

Arizona State Treasurer

DEBRA K. DAVENPORT, CPA AUDITOR GENERAL MELANIE M. CHESNEY DEPUTY AUDITOR GENERAL

Independent Auditors' Report

Members of the Arizona State Legislature

The Honorable Doug Ducey State Treasurer

We have audited the accompanying financial statements of the fiduciary funds of the State of Arizona, Office of the Treasurer, as of and for the year ended June 30, 2012, as listed in the table of contents. These financial statements are the responsibility of the Office of the Treasurer's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the Office of the Treasurer's financial statements are intended to present the financial position, results of operations, and changes in financial position of only that portion of the fiduciary activities of the State of Arizona that is attributable to the transactions of the Office of the Treasurer. They do not purport to, and do not, present fairly the financial position of the State of Arizona as of June 30, 2012, and the changes in financial position of the State of Arizona for the year then ended in conformity with U.S. generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the fiduciary funds of the Office of the Treasurer as of June 30, 2012, and the results of operations of its investment trust funds and the changes in financial position of its investment trust funds for the year then ended in conformity with U.S. generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the financial statements of the Office of the Treasurer. The financial statements for the external investment pools and individual investment accounts, and Letter from the State Treasurer and Summary of Cash on Deposit with Treasurer and accompanying note listed in the table of contents are presented for purposes of additional analysis and are not required parts of the financial statements. Such information is the responsibility of the Office's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The financial statements for the external investment pools and

individual investment accounts have been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the financial statements for the external investment pools and individual investment accounts are fairly stated in all material respects in relation to the financial statements as a whole. The Letter from the State Treasurer and Summary of Cash on Deposit with Treasurer and accompanying note have not been subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

In accordance with Government Auditing Standards, we have also issued our report dated October 26, 2012, on our consideration of the Office of the Treasurer's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Debbie Davenpdrt Auditor General

October 26, 2012

See accompanying notes to financial statements

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the State of Arizona, Office of the Treasurer (Treasurer) conform to accounting principles applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB).

Reporting Entity - The Investment Trust Funds and Agency Funds account for the assets held by the Treasurer as custodian or fiscal agent for the various fund types of the State of Arizona as well as political subdivisions and public entities investing in the Local Government Investment Pool (LGIP), Local Government Investment Pool – FF&C (LGIP-GOV), Local Government Investment Pool – Medium Term (LGIP-MT), Local Government Investment Pool – Medium Term FF&C (LGIP-MT GOV), Local Government Investment Lehman Brothers, and the Central Arizona Water Conservation District, an Individual Investment Account.

Although reported as Investment Trust Funds and Agency Funds by the Treasurer, these funds become a part of the State of Arizona's governmental, proprietary, and fiduciary fund categories at the combined statewide level.

<u>Fund Accounting</u> - The Treasurer's accounts are maintained in accordance with the principles of fund accounting to ensure that limitations and restrictions on the Treasurer's available resources are observed. The principles of fund accounting require that resources be classified for accounting and reporting purposes into funds in accordance with the activities or objectives specified for those resources. Accordingly, the above-described financial transactions have been recorded and reported in the Investment Trust Funds and Agency Funds. A description of the fund types follows.

The *Investment Trust Funds* account for pooled and non-pooled assets held and invested by the Treasurer on behalf of state agencies and other governmental entities using the economic resources measurement focus.

The Agency Funds are custodial in nature and do not present results of operations or have a measurement focus. These funds are used to account for assets that the Treasurer holds for state departments, agencies, commissions, boards, and other governments in an agency capacity.

<u>Basis of Accounting</u> - The financial statements of the Investment Trust Funds and Agency Funds are presented on the accrual basis of accounting. Revenues or receivables are recognized when they are earned, and expenses or liabilities are recognized when they are incurred. The purchase and sale of units consists of transfers of units between different investment pools in addition to external purchases and sales transactions.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Net Asset Value - The Treasurer's Investment Policy requires the following. For the LGIP and the LGIP-GOV pools, the portfolio manager shall strive to maintain a Net Asset Value (NAV) of \$1.00 for the pool. For the LGIP-MT and LGIP-MT GOV pools, the portfolio manager does not strive to maintain a NAV of \$1.00 for the pool because securities purchased have longer term maturity dates and are thus more susceptible to changing market conditions. For the Local Government Investment Lehman Brothers, the securities held for this pool are in chapter 11 bankruptcy. However, there is still a market for these securities and the NAV reflects the change in value from the previous fiscal year-end with the current fiscal year-end.

NOTE 2 – ASSETS

Deposits and Investments - Arizona Revised Statutes (A.R.S.) §§35-312 through 35-314 authorize the Treasurer to invest operating, trust, and permanent endowment fund monies in permitted investments. A.R.S. and the Treasurer's Investment Policies designed to administer the statutes restrict investments to obligations of the U.S. Government and its agencies; obligations or other evidence of indebtedness of the state and certain local government subdivisions; negotiable certificates of deposit, bonds, debentures and notes issued by U.S. corporations; commercial paper issued by entities organized and doing business in the United States; bankers acceptances; collateralized repurchase agreements; money market mutual funds; exchange traded funds; domestic equities; and other securities. The investment pool or fund is designed in a manner which may not permit all such investments to be made. In accordance with the requirements of the statutes, deposits and investments at June 30, 2012 included collateralized repurchase agreements; bills, notes, and other obligations of the U.S. government and its agencies; Federal Depository Insurance Corporation (FDIC) and negotiable certificates of deposit; FDIC corporate notes; corporate asset backed securities; corporate mortgage backed securities; commercial paper; money market mutual funds; municipal bonds; exchange traded funds; and equities of the S&P 400, S&P 500 and S&P 600 indexes.

The general disclosure requirements for deposit and investment policies for custodial credit risk, credit risk, concentration of credit risk and interest rate risk are set forth in the analysis of each area below. Arizona statutes do not allow foreign investments.

Custodial Credit Risk - Deposits and Investments

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, the deposits or collateral securities may not be recovered from an outside party. Custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty to a transaction, the value of the investment or collateral securities that are in the possession of an outside party may not be recovered.

In accordance with A.R.S. and the Treasurer's Investment Policy, deposits are held in an eligible depository with its principal place of business in the United States which is insured by the FDIC. The statute further authorizes the Treasurer to enter into an agreement with the trust department of any bank authorized to do

NOTE 2 - ASSETS (Cont'd)

business in this state for safekeeping and handling of securities. The safekeeping and handling of investments are conducted through a bank trust department authorized to do business in this state. Securities received by the custodian are held in the Treasurer's name in book-entry form. Also, the securities custodian is not the counterparty. Underlying collateral securities for demand deposits, repurchase agreements, and triparty repurchase agreements are held by the bank trust department and pledged on behalf of the State Treasurer's Office. Demand deposit, repurchase agreements, and triparty repurchase agreements on deposit in the bank that are in excess of the insured amounts are collateralized at no less than 102%.

In November 2008, the FDIC's Board of Directors established a program called the 'Temporary Liquidity Guarantee Program' (TLGP). This program was designed to assist in the stabilization of the nation's financial system. Under the Transaction Account Guarantee (TAG) program, a component of the TLGP, the FDIC guaranteed all funds held in qualifying noninterest-bearing transaction accounts at participating insured depository institutions. This program ended on December 31, 2010. In November 2010, the FDIC'S Board of Directors published a final rule to implement Section 343 of the Dodd-Frank Wall Street Reform and Consumer Protection Act, an amendment to Section 11(a)(1) of the Federal Deposit Insurance Act (12 U.S.C. 1821 (a)(1)). This amendment provides that the FDIC shall fully insure all funds held at an insured depository institution in a noninterest-bearing transaction account from December 31, 2010, through December 31, 2012. A noninterest-bearing transaction account is defined as an account in which interest is neither accrued nor paid; on which the depositor or account holder is permitted to make withdrawals by negotiable or transferable instrument, payment order, telephone or other electronic media, or other similar items for the purpose of making payments or transfers to third parties or others; and on which the insured depository institution does not reserve the right to require advance notice of an intended withdrawal.

Investments

A.R.S. and the Treasurer's Investment Policy define the types of securities authorized as appropriate investments and the conditions for making investment transactions. The securities are reported at fair value on the Statement of Fiduciary Net Assets. In addition, securities are reported in aggregate, by pool and fund, under Composition of Investment Pools disclosure for cost and fair value amount.

The State Treasurer's Office invests in SEC-registered investment company shares that have readily available share prices. Fair values of securities are determined using JP Morgan prices. JP Morgan obtains prices from independent industry recognized data vendors who provide values that are either exchange based or matrix based. Matrix based pricing is the process of determining the price of a non-benchmark security by adding (subtracting) a spread in basis points to the yield of a comparable benchmark that is actively priced. Equities are priced utilizing the primary exchange closing price. In the absence of a closing price, the bid price will be utilized. The bid price is the price a buyer is willing to pay for a security. If no pricing source is available,

NOTE 2 - ASSETS (Cont'd)

the cost price or the last available price from any source will be utilized. All bonds are priced using an evaluated bid, the most recent mid/bid price or the bid price, except securities with a remaining maturity of 90 days or less are priced at amortized cost (amortizing premium/accreting discount on a straight-line to maturity method). The evaluated bid is based on a compilation of primary observable market information or a broker quote in a non-active market. The mid/bid price is the midpoint between the best bid and offer. If no pricing source is available, the cost price or the last available price from any source will be utilized.

There is no income from investments associated with one fund that is assigned to another fund.

As of June 30, 2012, the Treasurer's Office had the following investments:

	•	744 700 000
Commercial Paper	\$	714,706,090
Negotiable Certificates of Deposit		103,091,703

Equities S&P 600		303,021,481
TOTAL INVESTMENTS	\$	11,776,660,564

NOTE 2 - ASSETS (Cont'd)

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation to the holder of the investment. A.R.S. and the Treasurer's Investment Policy require that commercial paper must be rated by at least two nationally recognized statistical rating organizations (NRSRO's) and that the ratings assigned by at least two of the NRSRO's be of the two highest rating categories for short-term obligations. Corporate bonds, debentures, notes, and negotiable certificates of deposit must carry a minimum Baa or better rating from Moody's Investor Service or a BBB or better rating from Standard and Poor's Ratings Service or their successors. For securities of or any other interests in any open-end management type investment company or investment trust including exchange traded funds, the underlying investments must be securities which are allowable under A.R.S. For securities not rated by Moody's, Fitch rating information is used. There is no statute or investment policy on ratings or credit quality for obligations issued by the U.S. government or its agencies or repurchase agreements. The underlying securities for repurchase agreements are assumed to be implicitly guaranteed by the U.S. government, as some are collateralized with U.S. Agency securities.

The rating for the LGIP pool as of June 30, 2012, is AAAf/S1+. The other investment pools are not rated by a nationally recognized statistical rating organization. The investments within all pools are rated, monitored and reported monthly.

The following table presents the ratings with the greatest degree of risk for each investment type as of June 30, 2012, using Standard and Poor's rating scale:

CREDIT RISK - CREDIT QUALITY

		 	 (in thou	usan	ds)

NOTE 2 - ASSETS (Cont'd)

Although the U.S. Agency Securities listed in the table are not backed by the full faith and credit of the federal government, investors generally treat agency securities as if they have negligible credit risk. Because of the importance of the agencies in promoting public policy, there is a widespread view that the federal government would prevent an agency or government-sponsored enterprise from defaulting on its debt obligations.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. Arizona statutes do not include a requirement for concentration of credit risk. The State Treasurer's policy is to diversify the investment portfolio to minimize losses due to various circumstances, including issuer defaults; market price changes; non-earning assets; technical complications leading to a temporary lack of liquidity; or an overconcentration of assets in a specific maturity, specific issuer, a specific geographical distribution, or a specific class of securities. The diversification policy provides that no more than five percent of the total of each pool or fund (defined as five percent of the prior month's ending amortized book value on the date purchased), or no more than five percent of the issues outstanding, whichever is less, shall be invested in securities issued by a single corporation and its subsidiaries/affiliates. This policy applies only to the LGIP and the LGIP Medium Term within the Investment Trust Funds, the Central Arizona Water Conservation District within the Individual Investment Accounts, and the State Agencies Diversified, Greater Arizona Development Authority, Early Childhood Development and Health Board (ECDHB), and the Endowment Fixed Income Pools within the Agency Funds. Securities issued by the federal government or its agencies, sponsored agencies, corporations, sponsored corporations or instrumentalities are exempt. Also exempt from this policy is the purchase of Treasurer Warrant Notes for the State Agencies Diversified pool provided the maximum amount of the notes purchased shall not exceed 50 percent of the market value of the pool.

As of June 30, 2012, investments in any one issuer that represents five percent or more of the State Treasurer's investments fair value, which are reported as U.S. Agency Securities, U.S. Agency Mortgage Backed Securities, and Repurchase Agreements investment types, are as follows:

<u>Issuer Name</u>	<u>Fair Value</u>	<u>Percentage</u>
Federal Home Loan Mortgage Corporation Federal National Mortgage Association South Street Securities	\$ 800,528,494 929,045,306 770,000,000	6.80% 7.89% <u>6.54%</u>
TOTAL	\$ 2,499,573,800	21.23%

The South Street Securities investments are Repurchase Agreements collateralized with U.S. Agency Securities or U.S. Agency Mortgage Backed Securities.

NOTE 2 - ASSETS (Cont'd)

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment.

A.R.S. address the maximum maturity for local government investments and maximum duration for General Fund operating money investments. The Treasurer's Investment Policy incorporates the A.R.S. limitations and sets forth various thresholds or parameters relating to interest rate risk in accordance with each investment pool portfolio structure. The policy provides either maturity or duration limitations for various investment pools. The Treasurer manages its exposure to interest rate risk by purchasing a combination of shorter term and longer term investments and timing cash flows from maturities to meet projected cash flow and liquidity needs of the participants. The interest rate risk inherent in the portfolio is monitored monthly by measuring the weighted average maturity and/or duration.

At June 30, 2012, the State Treasurer's office had the following investments in debt securities:

INVESTMENT TYPE	<u>FA</u>	IR VALUE	WEIGHTED AVG MATURITY (YEARS)
Commercial Paper	\$	714,706,090	0.08

U.S. Agency Securities with coupon tied to LIBOR plus/minus a fixed basis point amount which resets from monthly to quarterly.	37,790,237
U.S. Agency Securities with coupon tied to U.S. Federal Funds Effective Rate plus/minus a fixed basis point amount which resets daily.	24,003,498
U.S. Agency Mortgage Backed Securities and U.S. Agency Mortgage Backed Securities Full Faith – when interest rates fall, mortgages are refinanced and paid off early. The reduced stream of future interest payments diminishes the fair value of the investment.	1,793,354,255
U.S. Agency Securities - where on certain specified dates, the issuer can call the security. If the security is not called, the interest rate is increased by a specified amount. Prevailing interest rates may go up faster than the increases in the coupon	
interest rate.	<u>116,954,368</u>
Total	\$2,713,600,920

NOTE 2 - ASSETS (Cont'd)

Internal Investment Pools

Deposits made with the State Treasurer by State Agencies with statutory authority to invest and all General Fund monies are invested in various pooled funds. The State Agencies, Greater Arizona Development Authority and Permanent Endowment Land Trust pools are internal investment pools. In February 2012, the Early Childhood Development and Health Board (ECDHB) – Pool 16 was created as a Separately Managed Account. Separately Managed Accounts are longer term pools available for entities including State Agencies who meet the minimum deposit requirements and terms as set by the State Board of Investment as authorized by A.R.S. §35-326.01. The pools are not required to register (and are not registered) with the Securities and Exchange Commission (SEC) under the 1940 Investments Advisors Act. The activity and performance of the pools are reviewed monthly by the State Board of Investment in accordance with A.R.S. §35-311.

Beginning in May 2012, an external portfolio manager was hired to invest a portion of the State Agencies Diversified—Pool 3 to supplement existing internal management of these portfolios due to increases in assets under management.

The fair value of investments is measured on a monthly basis.

Participant shares are purchased and sold based on the Net Asset Value (NAV) of the shares. The NAV is determined by dividing the fair value of the portfolio by the total shares outstanding.

External Investment Pools

The Local Government Investment Pool (LGIP), Local Government Investment Pool - FF&C (LGIP-GOV), Local Government Investment Pool - Medium Term (LGIP-MT) and Local Government Investment Pool - Medium Term FF&C (LGIP-MT GOV) are external investment pools. The pools are not required to register (and are not registered) with the SEC under the 1940 Investments Advisors Act. The activity and performance of the pools are reviewed monthly by the State Board of Investment in accordance with A.R.S. §35-311.

The LGIP's share of the Lehman Brothers bond value of \$39.4 million was transferred in September of 2008 to the Local Government Investment Lehman Brothers – Pool 57 due to Lehman Brothers filing for Chapter 11 bankruptcy protection on September 15, 2008. The transfer was made to provide for the decline in fair value of the Lehman Brothers securities held by the LGIP.

In December of 2011, the United States Bankruptcy Court for the Southern District of New York entered an order confirming the Modified Third Amended Lehman Brothers Joint Plan of Liquidation. In April of 2012, approximately \$2.4 million was received as an initial payout of funds being held by the Indenture Trustee for Lehman Brothers securities. The payout received was allocated to participants based on the participant's share balance and then transferred to the LGIP Pool 5 reducing the carry or cost basis in the Local Government Investment Lehman

NOTE 2 - ASSETS (Cont'd)

Brothers - Pool 57. As of June 30, 2012, the carry or cost basis and the fair value for the Local Government Investment Lehman Brothers - Pool 57 were \$37.0 million and \$8.3 million, respectively. The next distribution is expected to be on October 1, 2012, and generally, every 6 months after that date. The remaining amount to be recovered is unknown.

The LGIP's share of the National Century Financial Enterprises (NCFE) NPF-XII bond value of \$131 million was transferred in 2003 to the Local Government Investment NCFE - Pool 55 pending an investigation of possible fraud and violations of federal and state laws by the NCFE. The transfer was made to provide for the decline in fair value of the NPF-XII securities held by the LGIP. In April of 2004, the United States Bankruptcy Court for the Southern District of Ohio entered an order confirming the NCFE's Joint Plan of Liquidation. During the current year, approximately \$367 thousand was received as payout of funds being held by the Indenture Trustee for NPF-XII securities. As of June 30, 2012, the carry or cost basis for the Local Government Investment NCFE - Pool 55 was \$61.5 million. The likelihood of recovering this remaining balance is unknown.

The fair value of investments is measured on a monthly basis.

Participant shares are purchased and sold based on the Net Asset Value (NAV) of the shares. The NAV is determined by dividing the fair value of the portfolio by the total shares outstanding.

The State Treasurer's Office does not contract with an outside insurer in order to guarantee the value of the portfolio or the price of shares redeemed. The State Treasurer's Office only makes investments that are registered with the SEC or issued directly by the U.S. Treasury and federal agencies or from financial institutions which offer FDIC insured investments. The State Treasurer's Office is not an involuntary participant in another entity's external investment pool. The State Treasurer's Office is not aware of any involuntary participation in the pools. Participants meeting the criteria established under A.R.S. §35-316 are eligible to participate in the pools and are not required to disclose the reason for requesting the account.

NOTE 2 - ASSETS (Cont'd)

Individual Investment Account

The Central Arizona Water Conservation District (CAWCD) is reported as an individual investment account.

The following is summary information for the external investment pools and the individual investment account as of June 30, 2012:

NOTE 2 - ASSETS (Cont'd)

Composition of Investment Pools and the Individual Investment Account

The following schedule presents the investments at cost and fair value at June 30, 2012. All securities of the internal and external investment pools and individual investment accounts were purchased from registered securities dealers, from financial institutions which offer FDIC insured investments, or from financial services companies which offer money market investments. The Endowment Land Earnings Funds 101-114 include a total of \$15,772,412 in Pool 5 shares, a total of \$19,927,955 in Pool 500 shares, and a total of \$20,268,735 in Pool 700 shares. The Cost and Fair Value (FV) of the Endowment Land Earnings Funds 101-114 have been reduced by a total of \$56,848,352 and \$57,146,556, respectively, from the security category Money Market Mutual Funds and are shown net of the Pool 5, Pool 500, and Pool 700 shares. The Greater Arizona Development Authority (GADA) Pool 15 includes a total of \$1,506,503 in Pool 700 shares. The Cost and Fair Value (FV) of the GADA Pool 15 have been reduced by a total of \$1,520,424 and \$1,527,594, respectively, from the security category Money Market Mutual Funds and are shown net of the Pool 700 shares.

NOTE 3 - MONIES ON DEPOSIT

The State Treasurer holds monies for state agencies, other political subdivisions (primarily counties, cities, and towns), and public entities. The unaudited detail of those monies, as recorded on the Uniform Statewide Accounting System (USAS) at June 30, 2012, is set forth in the supplemental information section titled, "Summary of Cash on Deposit with Treasurer".

The difference between the amount presented on the summary and total liabilities and net assets equity reported on the Statement of Fiduciary Net Assets is the result of timing differences and other reconciling items.

NOTE 4 – SECURITIES LENDING PROGRAM

The State Treasurer is permitted under A.R.S. §§35-313 and 35-324 to enter into securities lending transactions. The State Treasurer's custodial bank manages the securities lending program through a contractual agreement. At fiscal year-end, the State Treasurer had no credit risk exposure to borrowers because the amount the State Treasurer owes to the borrowers exceeds the amount the borrowers owe the State Treasurer. All securities are eligible for loan, but equities and U.S. Treasuries comprise a majority of securities that are on loan. There are no restrictions on the dollar amount of security loans that may be made by the State Treasurer. Securities are loaned for collateral that may include cash, U.S. government securities, state and local bonds, other municipalities' bonds and notes, commercial paper, banker acceptances, negotiable certificates of deposit, and corporate bonds, notes and debentures. Securities are loaned for collateral valued at 102% of the market value of the securities loaned at the close of trading on the preceding business day, except for securities asset types such as U.S. Treasury strips and bills where the market fluctuations do not allow for the sale of such a security at greater than par. For these exceptions, collateral valued at the lesser of 100% of the par value of the security loaned or 102% of the market value is acceptable. Investments made with cash collateral are done on an individual investment pool basis and are restricted to the limitations for that investment pool set forth in the State Treasurer's Investment Policy, except for investments made for the Endowment equity pools 201, 203 and 204 which are presented in the Note 2 Composition of Investment Pools and the Individual Investment Account in the Endowment Land Earnings Funds 101-114 as Equities S&P 500, Equities S&P 400 and Equities S&P 600, respectively. Permitted investments for these equity pools include those investments authorized in section IV of the State Treasurer's Investment Policy, Cash collateral investments include:

- A) obligations issued or guaranteed by the United States or any of its agencies, sponsored agencies, corporations, sponsored corporations or instrumentalities including repurchase and tri-party repurchase agreements collateralized at no less than 102% by securities, 100% by cash, and 102% by mortgage-backed securities,
- B) bonds or other evidences of indebtedness of this state or any of the counties or incorporated cities, towns or duly organized school districts,
- C) bonds and notes of other municipalities including repurchase and tri-party repurchase agreements collateralized at no less than 105% by securities and 100% by cash,
- D) commercial paper,
- E) bill of exchange or time drafts known as bankers acceptances,
- F) negotiable certificates of deposit issued by a nationally or state chartered bank or savings and loan.

NOTE 4 – SECURITIES LENDING PROGRAM (Cont'd)

- G) bonds, debentures and notes issued by corporations organized and doing business in the United States and
- H) U.S. 2a-7 money market mutual funds which are SEC regulated and rated in the highest category by at least one NRSRO.

The State Treasurer records the cash collateral received as an asset and the same amount as an obligation under security loan agreements. As of June 30, 2012, the fair value of securities on loan was \$1,092.3 million. The associated fair value of the invested collateral was \$1,116.7 million, of which \$581.4 million was invested cash collateral. All securities loans can be terminated on demand by either the State Treasurer or the borrower. For the cash collateral investments, the weighted average maturity was 6 days. The State Treasurer does not have the ability to pledge or sell the non-cash collateral unless there is a borrower default. The State Treasurer is indemnified against gross negligence, bad faith, or willful misconduct and borrower default by the lending agent. There were no borrower defaults during the current fiscal year. At June 30, 2012, the State Treasurer had \$581.4 million outstanding as payable for securities lending, and the following securities on loan were uninsured and held by the bank trust department not in the Treasurer's name as follows:

U.S. Agency Securities	\$ 5,059,585
U.S. Treasury Securities	519,071,988
Equities S&P 600	26,150
TOTAL FAIR VALUE	\$ 524,157,723

NOTE 5 – CUSTODIAL SECURITIES

In accordance with A.R.S., various state agencies deposit securities with the Treasurer for safekeeping. The following agencies had securities in safekeeping with the Treasurer in the form of U.S. government and agency securities, certificates of deposit, municipal and corporate bonds, and surety bonds at June 30, 2012.

State Agency	<u>Description</u>	Par Amount
Department of Insurance	Insurance Company Premium Bonds	\$1,772,876,351
Department of Health Services	Performance Bonds	106,843,350
Industrial Commission	Worker's Compensation Self Insurance	91,023,345
State Mine Inspector	Mine Reclamation Performance Bonds	25,190,038
State Treasurer	Deposits in Lieu of Auto Insurance	3,507,500
State Treasurer	Contracted Fund Raiser Bonds	3,125,000
Department of Financial	Mortgage Brokers, Mortgage Bankers,	
Institutions	and Escrow Agent Bonds	2,922,502
State Treasurer	Telephone Solicitor Bonds	2,175,000
State Treasurer	Discount Buying Organization Bonds	1,050,000
Land Department	Mining / Land Use Performance Bonds	3,870,484
Department of Transportation	Motor Vehicle Related Bonds	122,500
Department of Transportation	Aircraft Dealer Bonds	70,000
Arizona Geological Survey	Oil and Gas Drilling Bonds	80,000
Department of Environmental Quality	Aquifer Protection Permit	140,246
Real Estate Department	Real Estate License Performance Bonds	5,000
State Compensation Fund	Insurance and Workers' Comp. Deposits	<u>1,581,020,313</u>
	TOTAL CUSTODIAL SECURITIES	\$3,594,021,629

Custodial securities and other assets summarized above are not included in the Statement of Fiduciary Net Assets because they are held by the Treasurer for safekeeping only.

STATE OF ARIZONA OFFICE OF THE TREASURER NOTE TO SUMMARY OF CASH ON DEPOSIT WITH TREASURER JUNE 30, 2012

(UNAUDITED)

NOTE - The Summary of Cash on Deposit with Treasurer schedule presents a detail summary of the monies the State Treasurer holds for state agencies, other political subdivisions (primarily counties, cities, and towns), and public entities for the year ended June 30, 2012, as recorded on the Uniform Statewide Accounting System (USAS) on essentially a cash basis. The operating fund balance (at cost) is \$2.433 billion, which includes the general fund's share (at cost) of \$499.6 million.

Fiscal Year 2012 Annual Audited Financial Statements
